# BULLETIN

## COVER

Physical security becomes more important daily in Vietnam, as America's commitment grows. Performing this mission are Military Policemen on guard throughout that war-torn country. The cover this month highlights our efforts in this area and along with pages 18 and 19 provides an insight into the duties and responsibilities of securing valuable supplies. Sp4 Philip Harrison, Co C, 720th MP Bn, took the cover picture during the hours of darkness at an ammunition dump near Long Binh. On guard atop the armor plated jeep is Sp4 Tracey.
