

**In the last ten years, over 335,000 of our buddies have been killed or wounded in Vietnam. And more are being killed and wounded every day. We don't think it's worth it.**

We are veterans of the Vietnam War. We have fought and bled from the swamps and hills of Vietnam to the plains of Cambodia. We have seen our buddies die there. And we can no longer remain silent.

We have seen the Vietnam War for ourselves. And from what we have seen, we believe that it is wrong, unjustifiable and contrary to the principle of self-determination on which our nation was founded.

We believe that the Vietnam War is a civil war—a war in which the United States has no right or obligation to intervene. We believe that the Saigon Government must stand or fall on its own. And we have seen the type of government it really is: A military dictatorship in which there are no free elections and some 40,000 people are held as political prisoners. We don't think that is the kind of government worth fighting for.

We have seen what the war is doing to Vietnam. The country is being physically destroyed by bombing, defoliation, and the killing of its civilian population. (Civilians in Vietnam are being killed and wounded at the rate of 200,000 a year, 60% of them children. And 80% of them as a result of American firepower.) And we don't think that that's worth it.

We have seen what the war is doing to our own country. We are being torn apart. Our young people are being alienated. Our most pressing domestic problems are being neglected for lack of funds while the war which has already cost us \$130 billion goes on at \$300 a second... \$48,000 a minute... \$2,880,000 an hour. Meanwhile the value of our dollar is being destroyed by inflation. And we don't think that that's worth it.

We have seen what the war is doing to our buddies and their families. Over 43,000 have already been killed and another 292,000 wounded—many of us maimed for the rest of our lives. And more are being killed and wounded every day. And we don't think that that's worth it.

We believe that the basic problems of Vietnam are not military but social, economic, and political. We believe that there is no military solution to the war. We believe that, in any case, we cannot win a land war in Asia. And we believe that in this nuclear age our national security does not require us to win it.

Therefore, we believe that the best way to support our buddies in Vietnam is to ask that they be brought home, now, before anyone else dies in a war that the

American people do not understand, did not vote for, and do not want. And we think that that's worth fighting for.

If you're a Vietnam veteran and feel the same way we do we ask you to join us. If you're a concerned citizen we ask you to support us by filling out the coupon below. But we ask you to please do it now. The lives of a great many of our friends depend on it.
