P.O. Box 449

1. Upon your recent separation from the military service I want to express my appreciation for your performance of duty as assistant plans and operations sergeant in this battalion.

2. As you well know, the workload and various tasks assigned this section at times seemed almost unsurmountable, Through your untiring effort, initiative, superior intelligence, loyalty and competence we, as a team, were able to accomplish these tasks. Your absence during Operation Steephill XIII was conspicuous and noticeable in the efficiency of this section. Your replacement is progressing nicely due in large to the short training period in which he was under your supervision.

3. Young men of your calibre and potential are at a premium. Our loss is the gain of your present employer.

4. I wish you continued success in your future endeavours and happiness for your family.

JAMES O. RICHARDSON
Captain, MPC
Plans and Operations Officer
